Debtor.	}	

SECOND MOTION TO VALUE COLLATERAL AND TO DETERMINE SECURED STATUS

The Debtor, JOSE A. ALBINO OTERO, by and through undersigned counsel, pursuant to 11 U.S.C. § 506, Federal Bankruptcy Rule of Procedure 3012, Local Bankruptcy Rules 9013 and 9014 and applicable decisional case law; hereby files this Motion to Value Collateral and to Determine Secured Status, and in support thereof further state as follows:

I. General Allegations

- BAC Home Loans Servicing ("BAC Home Loans"), under Loan Number XXXXXX7409, alleges to "own" and "hold", as said terms are defined under Article 3 of the Uniform Commercial Code, an indebtedness against Debtor in the amount of \$205,791.00. Said indebtedness is allegedly secured by real property pursuant to a first mortgage lien recorded in the official records of Hillsborough County, Florida.
- 2. The real property is situated at <u>817 N. Kingsway Rd., Seffner, Florida 33584</u> (the "Real Property") and is more particularly described as:

Lot 1, Block 1 Section 35 of Township 28 South Range 20 East.

- 3. The subject matter Real Property is not Debtor's primary residence; in fact, it is an investment property which is central to Debtor's finances and Debtor's reorganization efforts. Accordingly, the Real Property is necessary for the successful reorganization of the Debtor.
- 4. The undersigned has reviewed the docket and claims register and as of December 21, 2010, BAC Home Loans has not filed a Proof of Claim in this case. In the event that a timely Proof of Claim is filed, Debtor anticipates that BAC Home Loans will file a Proof of Claim in the amount of \$205,791.00.
- 5. At the time of the filing of this case, the value of the Real Property was \$58,000.00 as determined by the Appraisal dated October 12, 2010, performed and signed by Mr. Dario Ruiz, a certified Florida appraiser operating under license number FL-RD5968. A copy of said Appraisal is attached hereto as Exhibit "A." Furthermore, Debtor estimates that should the subject real property be liquidated, the net proceeds to unsecured creditors after payment of the trustee fee would be \$00.00.
- 6. Accordingly, the purpose of this Motion to Value Collateral and Determine the Secured Status is to: a. pursuant to Bankruptcy Rule 3012, value the subject matter collateral; and b. pursuant to 11 U.S.C. § 506 have the Court enter an Order fixing the value of the subject property as of the Petition Date, and to determine the allowed secured claim and allowed unsecured claim portions of any Proof of Claim that may be timely submitted by BAC Home Loans.

II. Statutory And Decisional Case Law Authority

- 7. Section 506 of the Bankruptcy Code allows a debtor to value a claim to determine whether said claim is secured or unsecured. 11 U.S.C. § 506. Specifically, subsection 506(a) provides that collateral, which secures an allowed claim, may be valued to determine what portion of the claim is secured and what portion of said claim is unsecured. *Id*.
- 8. Additionally, Federal Rule of Bankruptcy Procedure 3012 provides the procedural mechanism to determine collateral valuation issues raised pursuant to subsection 506(a). *In re Lafata*, 483 F.3d 13, 22 (1st Cir. 2007). Bankruptcy Rule 3012 states:

"The court may determine the value of a claim secured by a lien on property in which the estate has an interest on motion of any party in interest and after a hearing on notice to the holder of the secured claim and any other entity as the court may direct."

Fed. R. Bankr. P. 3012.

The Official Committee Notes to Section 506(d) of the Bankruptcy Code clarifies that valuation of collateral, as opposed to the validity, priority or extent of the collateral, is appropriately addressed by motion pursuant to Bankruptcy Rule 3012. Specifically, the Official Committee Notes to Section 506(d) state:

"An adversary proceeding is commenced when the validity, priority, or extent of a lien is at issue as prescribed by Rule 7011. That proceeding is relevant to the basis of the lien itself <u>while valuation under Rule 3012 would be for the purposes indicated above</u> (e.g., to determine the issue of adequate protection, impairment, or *treatment of a claim in a plan.*)"

11 U.S.C. § 506(d) Advisory Committee's Notes.

- 9. In In re Lafata, the 1st Circuit Court of Appeals opined on the procedural appropriateness of Bankruptcy Rule 3012 with respect to Section 506(a) valuation issues. In re Lafata, 483 F.3d 13, 22 (1st Cir. 2007). In that case, Debtor sought to bifurcate the secured lender's claim, Eastern Bank, into secured and unsecured portions. Id. at 17. To do so, Debtor filed a motion for determination of secured status under 11 U.S.C. § 506. Id. Debtor's motion for determination of secured status was filed pursuant to Bankruptcy Rule 3012. Id. at 22. Debtor then proposed a Chapter 13 Plan with a secured claim of \$18,500, the appraised value of the subject matter collateral and a remainder of \$131,500 as an unsecured claim. Id. At confirmation, the secured lender objected to the Plan. Id. Amongst other reasons, Eastern Bank claimed that it did not received adequate notice of the 11 U.S.C. § 506 because Debtor failed to abide by the appropriate procedural mechanisms. Id. The 1st Circuit disagreed. Id. The Court cited Bankruptcy Rule 3012 as the appropriate mechanism for such valuations hearings, and further held that as applicable to the facts of the case, there was "no violation of Rule 3012." Id.
- 10. Similarly, courts of other jurisdictions have determined that "[T]he majority of courts hold that the appropriate procedure for lien avoidance under Section 506 is by motion because lien avoidance is the inevitable byproduct of valuing a claim, which is accomplished by motion pursuant to Bankruptcy Rule 3012. No further proceeding is required." *In re Sadala*, 294 B.R. 180, 183 (Bankr. M. Dist. Fla. 2003)(collects and examines the seminal cases with respect to the procedural mechanisms for Section 506 valuation issues).

- 11. Similar to the case of *In Re LaFata*, in the case at bar, Debtor seeks only to value the subject matter Real Property which serves as collateral to the secured lender's claim. Here, as in *In Re LaFata*, Debtor proceeds pursuant to Bankruptcy Rule 3012, which the 1st Circuit has implicitly upheld as the appropriate procedural mechanism for cases such as the one at bar¹. Further, Debtor has proposed a Chapter 13 Plan which bifurcates the secured lender's claim into secured and unsecured portions as permitted by Section 506 of the Bankruptcy Code. Finally, much like *In Re LaFata*, Debtor's valuation allegations are supported by an appraisal which is attached hereto.
- 12. At this juncture, Debtor does not question the validity, priority, or extent of any lien or Proof of Claim which may be timely filed by BAC Home Loan Services. Accordingly, this Motion and the allegations which are set forth herein do not trigger the procedural requirements and heighten notice provisions of Bankruptcy Rule 7001.

¹ Debtor concedes that *In re LaFata* did not specifically address the appropriateness of Bankruptcy Rule 3012 as compared to Bankruptcy Rule 7001 in the context of valuation motions. The Court, however, did consider the use of Bankruptcy Rule 3012 in the valuation context. In the humble opinion of the undersigned, the Court's rejection of the secured lender's objection serves to implicitly uphold the use of this procedural mechanism as is hereby sought by this motion.

WHEREFORE, the Debtor, JOSE A. ALBINO OTERO, respectfully request this Honorable Court enter an Order as follows:

- (a) Determining the value of the Property to be \$58,000.00;
- (b) Determining that the secured claim of BAC HOME LOAN is \$58,000.00;
- (c) Determining that the unsecured deficiency claim of BAC HOME LOAN is \$147,791; and
- (d) Granting any such further relief that this Court deems just and proper under the circumstances.

RESPECTFULLY SUBMITTED this 21st day of December, 2010.

Exterior-Only inspection Residential Appraisal Report File # DR1010007

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a visual inspection of the exterior areas of the subject property from at least the street, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

The appraiser must be able to obtain adequate information about the physical characteristics (including, but not limited to, condition, room count, gross living area, etc.) of the subject property from the exterior-only inspection and reliable public and/or private sources to perform this appraisal. The appraiser should use the same type of data sources that he or she uses for comparable sales such as, but not limited to, multiple listing services, tax and assessment records, prior inspections, appraisal files, information provided by the property owner, etc.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

- 1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
- The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
- 4. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing this appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
- 5. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Freddle Mac Form 2055 March 2005

Exterior-Only Inspection Residential Appraisal Report File# DR1010007

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

- 1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
- 2. I performed a visual inspection of the exterior areas of the subject property from at least the street. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
- 3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
- 5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
- 6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
- 7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
- 8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
- 9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject properly and the comparable sales.
- 10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
- 11. I have knowledge and experience in appraising this type of property in this market area,
- 12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple !!sting services, tax assessment records, public land records and other such data sources for the area in which the property is located.
- 13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
- 14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
- 15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
- 16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
- 17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
- 18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
- 19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relled on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.

Exterior-Only Inspection Residential Appraisal Report File # DR1010007

- 20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.
- 21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).
- 22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.
- 23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.
- 24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
- 25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

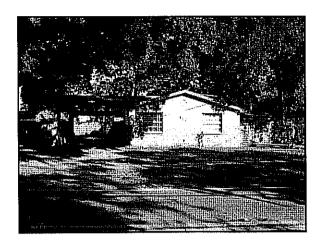

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

- 1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
- 3. The appraisar identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
- 4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
- 5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.
